1360 Barrington Street, Halifax, NS B3J 2X4  
Phone: (902) 494-3267  
Website: [www.engineering.dal.ca](http://www.engineering.dal.ca)

## EXPLANATION OF TERMS

### Board Of Examiners

The Board of Examiners of Engineers Nova Scotia assigns a reviewer of the same discipline to each applicant. The reviewer makes a recommendation to the Board of Examiners. The Board determines the requirements for registration.

The basis for registration with Engineers Nova Scotia is a **Canadian Engineering Accreditation Board (CEAB)** accredited Bachelor of Engineering degree. If the Bachelor of Engineering degree is from an institution in a country that does not have an agreement with Canada, the Engineers Nova Scotia Board of Examiners must assess the applicant's academic and experience qualifications and may assign exams to confirm academic qualifications.

### Canadian Engineering Accreditation Board (CEAB).

The CEAB was established by **Engineers Canada** to accredit Canadian under-graduate engineering programs.

### Engineers Canada - Canadian Council of Professional Engineers (CCPE)

Engineers Canada List of Recognized Institutions - A list of international institutions meeting criteria established by the Canadian Engineering Qualifications Board (CEQB) of **Engineers Canada**.

**Confirmatory Exam Program** - A standard set of examinations, from the **Engineers Canada** Examination Syllabus, assigned to confirm academic qualifications of candidates who have a recognized Bachelor degree in engineering. There are usually four exams in the Confirmatory Exam Program.

### Structured Confirmatory Exam Program

A standard set of examinations, from the **Engineers Canada** Examination Syllabus, assigned to confirm academic qualifications of candidates who have an unrecognized Bachelors degree in engineering. There are usually six exams in the Structured Confirmatory Exam Program.

**Interview Option** - Candidates who have more than 10 years of engineering experience may be offered the interview option, at the discretion of the Engineers Nova Scotia Board of Examiners, to determine if exams may be waived or reduced.

A list of fees is available at:
